Times Tables and Maths

Always use the biggest multiple first – this reduces the need to learn two times tables.

E.g.

$$7 \times 3 = 21$$

$$3 \times 7 = 21$$

$$21 \div 7 = 3$$

$$21 \div 3 = 7$$

$$5 \times 4 = 20$$

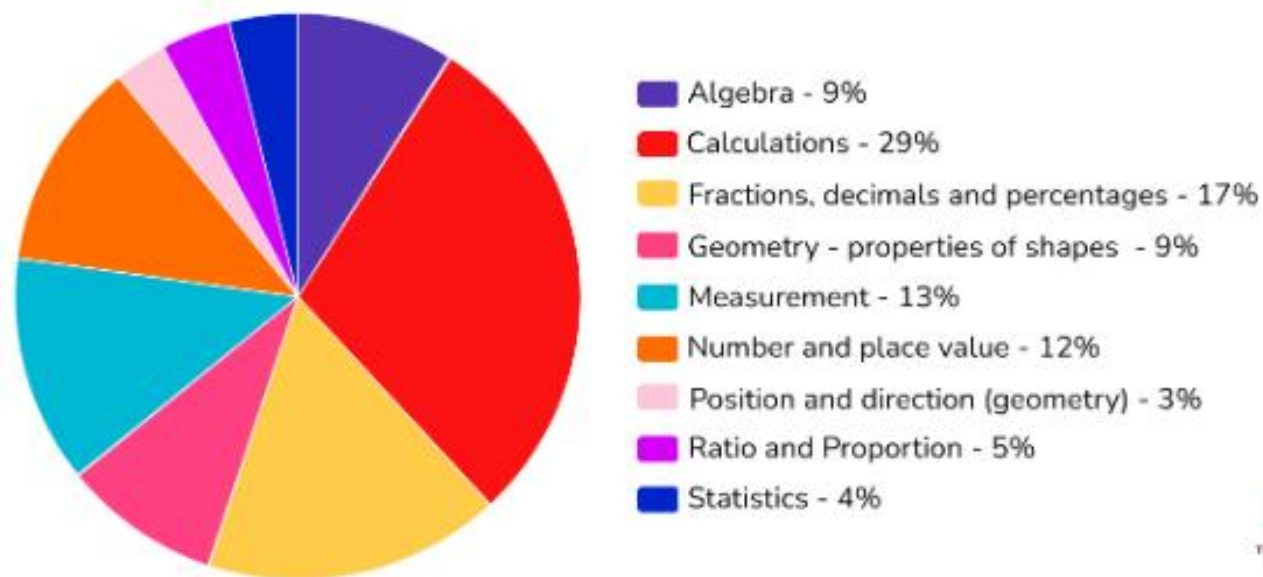

$$4 \times 5 = 20$$

$$_ \times 5 = 20$$

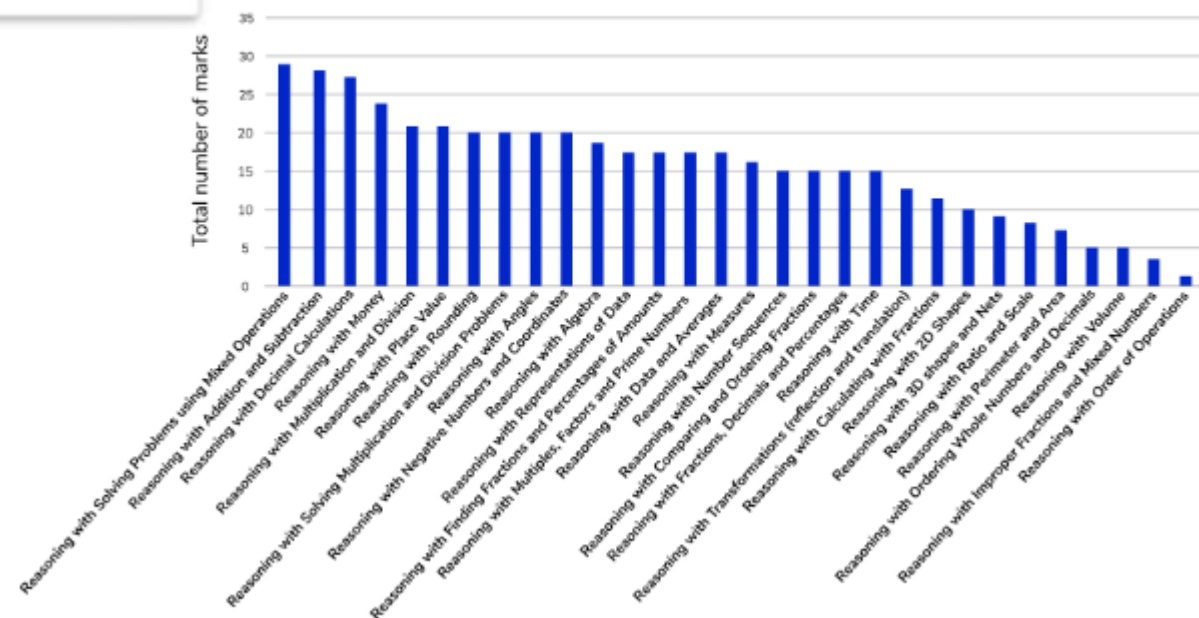

$$20 \div 4 = \underline{\quad}$$

$$20 \div 5 = \underline{\quad}$$

Welcoming Every Family

Our parent association runs events that fund lovely additions for every classroom. **The Friends** bring families together, so all children thrive.

Fun fact

Recent fundraising delivered the Reception trim trail and a peaceful sensory garden!

Calling class representatives to help!

Fun School Events

We organise enjoyable occasions throughout the school year:

- School discos
- Bake sales
- Christmas/ Summer fetes
- Cosy movie nights

Many Hands Help

Nobody needs to attend everything! Having class reps means we simply allocate 2-3 helpers per event to share tasks fairly.

What We Fund for the Children

Direct Benefits from recent years to current items we will be purchasing from all the fundraising events.

Funds enrich learning and wellbeing:

Last Year we purchased

- **Reception trim trail**
- **Sensory garden**
- **New speaker**
- **Netball posts**

Current projects

- We will be purchasing a stackable stage for the school so it can be used more regularly.
- Furniture and comfortable seating for the library in school.
- Plans to enhance our outdoor area.
